RENEWED PETITION TO WITHDRAW HOLDING OF ABANDONMENT

BY FACSIMILE
CONFIRMATION COPY BY COURIER

U.S.A.

Attention: Mary C. Lee Director - Technology Center 1600

Dear Sir:

We refer to your Decision on Petition dated March 27, 1998. The Decision was dismissed on the ground that the Petition lacked item (4) from MPEP 711.03(c).

The Decision on Petition suggests that the undersigned is somehow not being forthright with the Office. Such is not the case. It is quite true that practitioner has had an inordinately and distressingly large number of Office Actions go astray in the mail

since early in 1997, particularly in the period of February and March, 1997, and sporadically since then. Practitioner estimates that the total to be approximately thirty in number. It is not known why this is the case.

With respect to item (4), all Office Actions and other time-sensitive mail from the PTO and Canadian Patent Office are logged into a log book by mailroom personnel as soon as the envelope containing the same is opened. It is these sheets for the relevant period in question that practitioner has provided with the February 12, 1998 letter. It is believed that this information corresponds to that required by the MPEP and this material has previously been accepted by the PTO as proof of non-receipt.

Following handling of such mail by the mailroom, the mail is distributed to secretaries assigned to the professional handling the matter. All time-related correspondence then is sent to a central due date system, where the due date is entered before being returned to the professional for action. A copy of the due date system records for this file is attached showing the edit dates. There is no edit date which corresponds to the Office Action date nor is there an Office Action due date shown.

In addition, I have reviewed the procedures in effect at the time of the non-received Office Action and the personnel handling the above matters and they remained unchanged during the relevant period of time.

Accordingly, there can be no question of the Office Actions being lost following receipt in this Office as suggested by the Decision on Petition. The log sheets show the Office Action was not received, no Office Action was entered into the due date system, and a search of the file confirm that no Office Action has been received.

It is submitted that this renewed Petition should be granted.

Respectfully submitted,

Michael I. Stewart

Supplemental Petition to Withdraw Holding of Abandonment

Further to my telephone conversation with Mr. Robert Hill concerning the Petition to Withdraw Holding of Abandonment, it is hereby stated, under the signature of the undersigned attorney of record, that a search has been made of the file and docket records and such search gives no indication of receipt of an Office Action.

In addition, as requested, enclosed herewith is a copy of our log of incoming Office Actions on U.S. and Canadian patent applications for the period of one month following the date of the non-received Office Action.

If anything further is required, please call the undersigned.

Yours very truly,

M. I. Stewart
